August 2009

Dear Friend in Christ,

As I write this, I am still in Haiti finishing my 11th trip here. Now I remember why I haven't been coming in JULY for all these years! If I ever mention coming to Haiti in July again, my wife has been instructed to shoot me.

How do you describe Haiti in July?.....heat.....dirt.....smells.....warfare, and lots of it! Last week I preached 6 times at a large tabernacle in Cap Haitian and saw about 250 decisions for Christ. The largest crowd was about 3000.

This week I preached a small crusade here in the Port-au-Prince area. It was a tough situation for several reasons, so we only saw about 30 decisions in 5 nights. We started with about 100 on the first night and it grew to around 400. The local pastors need so much training, as they are primarily concerned with seeing "miracles of healing", rather than the miracle of a changed life through salvation in Jesus. So, unfortunately, their focus is not on evangelism.

Saturday morning I preached for a meeting of approximately 75 pastors in Berci, about an hour from Port-au-Prince, with great response. I also preached in a church on Sunday, then headed home Monday, July 27th. Pictures of all this will be in next month's prayer letter.

On the back page of this letter, you will find a poem that I wrote for my parent's 65th wedding anniversary in June. For those of you who know them, you'll especially appreciate it.

Also, I must tell you that we are facing a **financial challenge like never before**. We really need your help to fulfill these overseas commitments. We have cut those budgets as much as possible because we cannot continue to do everything we have done in the past. Our real burden is the training conferences, so we hope that many who have never helped us before will do so now. And if any of you can help us with a greater gift than usual, it would be a wonderful blessing! Our God reigns! Lord's blessing on you.

In Christ,

Larry McFadden

Heaven Sent

Words cannot communicate
What Mom and Dad have meant
Their names are John and Evelyn
And they are heaven sent.

They met when they were children
Then married in their teens
It happened during World War II
They started without means.

They married down in Foley
At First Baptist Church
It happened all so quickly
Leaving Poppy in the lurch.

Their station was at Baron Field
Dad never went to sea
In June of 1946
Mom gave birth to me.

Three more babies came along
One went to be with Jesus
But never did they ever think
That God would ever leave us.

Then we moved from place to place
With ministry in mind
Mom and Dad were quite a team
God's will they sought to find.

Being faithful to the Lord
Yes, that was the key
He provided all the way
It's easy now to see.

The years together, they have flown
The 65th is here
The precious promises of the Lord
Are what they hold so dear.

So have a good look at these dear folks
They still are John and Evelyn
For you will see them if you're there
On streets of gold in heaven

They'll walk to Jesus on His throne
And they'll be holding hands
"Faithful servants", He will say
"You stayed right with my plans."

Words cannot communicate
What Mom and Dad have meant
Their names are John and Evelyn
And they are heaven sent.
