OUR 65TH MISSION TRIP — UGANDA

The church in the Namatumba district where our conference was held for the 1st week.

Dear Friend in Christ,

I am writing from 35,000 feet in the air on the flight from Amsterdam to Atlanta. The flight before this one was Entebbe, Uganda to Amsterdam. Before that, we drove 4 hours from the Kiboga district to Entebbe. By the time I get home, the total trip time will be about 30 hours. Just another day at the office.

We just finished 2 conferences in Uganda with Timothy Kakooza. This was our 8th trip to Uganda and our 65th mission trip. The first week we had 158 register for the conference for 5 days. The second week we had about 140 register. My dear friend, Bob Stewart, from Commission Ministries, went on this

mission even though his doctor and family did not want him to go since he was just getting over pneumonia. He made it through the 2 weeks, but had to be very careful because his energy level was not at full strength. He did a great job exhorting the leaders to “make disciples” and “equip the saints.” In his weakness, God’s power was perfected (II Cor. 12:9). Thank you for your prayers on his behalf.

Many of the pastors and leaders wrote letters thanking us for the teaching, and encouragement for their ministry. It seems that most of the comments were related to the teaching on personal evangelism, scripture memory, and serving the Lord in the difficult times. Most of these men, although pastors and leaders, have never led someone to Christ in a clear, conversational presentation. Most have also never memorized a verse of scripture. So, these teachings in particular, rocked their world!

In 8 trips to Uganda, we have had over 4,000 pastors and church leaders in our training conferences all over the country.

Pastors & church leaders in the 2nd conference in the Kiboga district.

I really feel that this is the best time in all of our ministry because it's all about multiplication. God has taught us so much in these last few years—so much He wanted me to know and do. Obedience has been our word for these last few years. To have an Advisory Council that believes in our vision and mission is a remarkable thing.

I have never experienced any greater satisfaction in my ministry than what we are doing now. Please pray for us and continue to support what God has led us to do in training pastors. We can't do it without your help. We're thankful for all you do to help us!

In Christ,

43 Years of Marriage. . .

On May 31, Teresa and I celebrated 43 years of marriage. I can hardly believe it! Where have the last few years gone? While in Uganda, I showed family pictures to several people there and one young man said, "How does your wife look so much younger than you?" He said, "You must take good care of her!" I wish I could take some credit for that, but Teresa has always looked younger. People can't believe she's been married to me for that long. She was a "child bride."

On June 18, I will turn 65! That's not possible, is it? I feel 45, and act 25 (sometimes). I can't believe it's time for Medicare.

Titus Kivunzi, who is setting up our conferences in Kenya for July and August, wants to increase the conference to include 400 pastors rather than 300. This would represent quite an increase in our designated budget for this conference. Yet, how do we say, "no"? If God lays it on your heart to help us do so, it would be such a blessing to these pastors.

One man from Ethiopia recently wrote us: "We have seen great change and revival in the local churches. The pastors report about what a difference (the conference has made) in pastor's ministry and they accept the vision." This makes the long journey worth it all! PRAISE BE TO GOD!
