**October 2009**

Dear Friend in Christ,

We are living in perilous times today. It seems that so many things around us are spinning out of control. The battle is raging in Washington about “health care”, but not many are concerned about “heart care”. We have more cell phones than ever, but less communication between family members. We have more 24 hour news channels than ever, but we don’t hear enough of the “Good News” of the gospel.

We now have TV’s in every room of the house, but less satisfaction. We have fast food, fast cars, high speed internet, 3 or 4 remotes in the family room, 120 channels on the TV, plus texting, twittering and blogging. Yet, with all of this, we have less contentment than ever in the history of our nation.

We have power locks, power windows, power steering and power drinks, but so many Christians have less power than ever. We have **high-definition** television, but our society can’t seem to define what sin is anymore.

Enough of the bad news!! We must give a clear message from God’s Word in a day when black and white has been rubbed into indefinite gray.

Needless to say, I have a great burden for the Church of Jesus Christ in America, because so many have lost their zeal for world missions. I’m thankful to be a part of a church that still believes in missions and taking the gospel to the unreached. We must have a world view in what we do, and that is the reason that we are investing all of our energy in training pastors in remote parts of third-world countries where the pastors have no training at all.

Our Advisory Council is making every effort to communicate effectively what we are doing, so that more people will catch the vision and help us. The Council wants our banquet on November 12th to be the biggest and best we have ever had—**for the glory of God and the good of the Kingdom!**

Please pray for us and please help us. If you feel led to invest in our ministry, an envelope is provided. Thank you for helping us “go”!

In Christ,

Larry McFadden
